AccuFINISH

Natural Wood Beauty With The Durability Of Steel

Professional Installation From Your Raynor Dealer.

Every Raynor garage door is installed by a trained Raynor professional. Our expert installers make sure it's done right the first time, so your door gives you reliable performance day in and day out, year after year.

Sections Warranted "For As Long As You Own Your Home."

ShowCase™ is covered by a "For As Long As You Own Your Home," section warranty against rust. ShowCase is also backed by a 5-year track, spring and hardware warranty. See your Raynor Dealer for complete details.

SHOWCASE™

AccuFinish

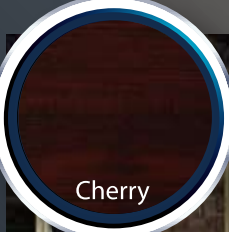

Natural Wood Beauty With The Durability Of Steel

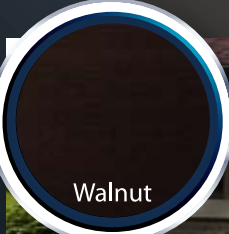

ShowCase™, featuring Cedar AccuFinish woodgrain color, ranch panels and sunburst windows

ShowCase™, featuring Oak AccuFinish woodgrain color, ranch panels and windows

ShowCase™, featuring Cherry AccuFinish woodgrain color, colonial panels and windows

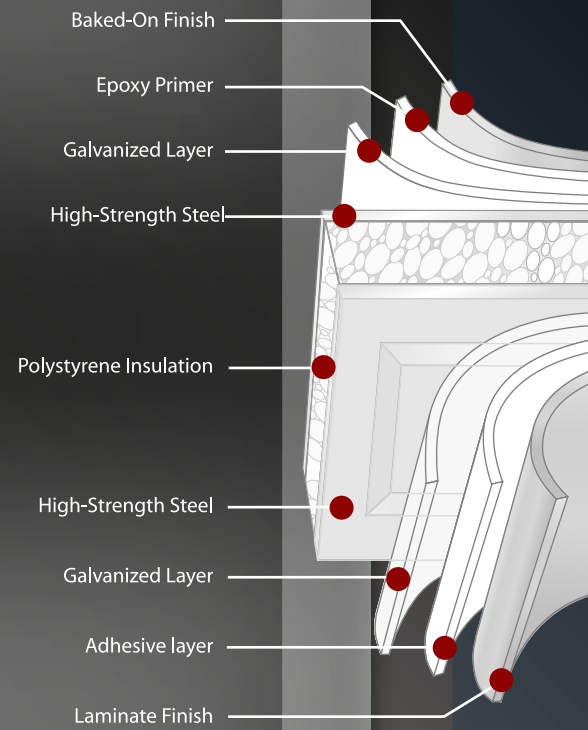

ShowCase™, featuring Walnut AccuFinish woodgrain color, colonial panels and stockton windows

Featuring the beauty of natural wood and the durability of steel, Raynor Showcase™ doors with AccuFinish woodgrain colors add instant curb appeal to any home. Designed using a maintenance-free laminate film, Showcase doors with AccuFinish woodgrain colors offer an excellent level of resistance to UV rays and are environmentally friendly. In addition, AccuFinish is available in four colors – Cedar, Oak, Cherry and Walnut.

But good looks are just part of the story. Beneath the surface, Showcase is also one of the most tightly engineered garage doors you can own. Its rugged, two-sided steel design provides strength and maximum protection against noise, impact and weather. The superior construction includes a core of thermally bonded, CFC-free, expanded polystyrene insulation. At a full 2" thick, the 3-layer construction, combined with Raynor's superior thermal break technology, delivers an R-value of 10.25, keeping your garage cooler in the summer and warmer in the winter. What's more, the white, woodgrain embossed steel skin interior provides an attractive, finished look from within your garage.

ShowCase features heavy-duty, hot-dipped, galvanized steel sections with an epoxy primer and baked-on polyester finish to resist rust and impact. To ensure durable, long-lasting performance, standard features include:

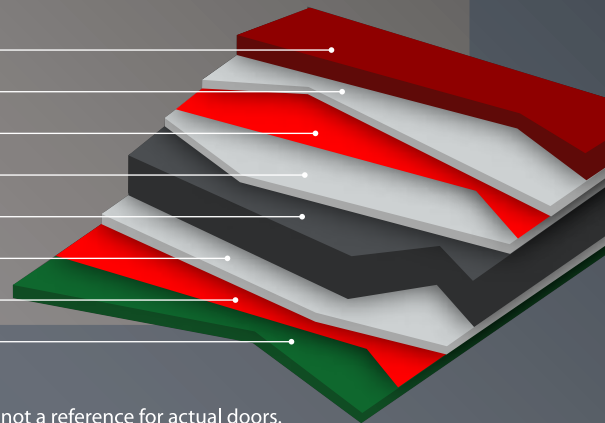

- 1 Rugged, hot-dipped galvanized steel track
- 2 Steel wheel, ball-bearing rollers
- 3 Vinyl thermal break interior & exterior skins
- 4 Section joint seal to prevent weather infiltration
- 5 Bottom weatherseal to keep out elements
- 6 Adjustable track for a precise fit.
